

Point 3: Digitization of services provided by the depositories

- a. E-account opening⁴: Account opening through digital mode, popularly known as "On-line Account opening", wherein investor intending to open the demat account can visit DP website, fill in the required information, submit the required documents, conduct video IPV and demat account gets opened without visiting DPs office.
- b. Online instructions for execution⁵: internet-enabled services like Speed-e (NSDL) & Easiest (CDSL) empower a demat account holder in managing his/her securities 'anytime-anywhere' in an efficient and convenient manner and submit instructions online without the need to use paper. These facilities allows Beneficial Owner (BO) to submit transfer instructions and pledge instructions including margin pledge from their demat account. The instruction facilities are also available on mobile applications through android, windows and IOS platforms.
 - a. e-DIS / Demat Gateway⁶: Investors can give instructions for transfer of securities through e-DIS apart from physical DIS. Here, for on-market transfer of securities, investors need to provide settlement number along with the ISIN and quantity of securities being authorized for transfer. Client shall be required to authorize each e-DIS valid for a single settlement number / settlement date, by way of OTP and PIN/password, both generated at Depositories end. Necessary risk containment measures are being adopted by Depositories in this regard.
 - b. e-CAS facility⁷: Consolidated Account Statements are available online and could also be accessed through mobile app to facilitate the investors to view their holdings in demat form.
 - c. Miscellaneous services⁸: Transaction alerts through SMS, e-locker facilities, chatbots for instantaneously responding to investor queries etc. have also been developed.
